Property and identity fraud are real and exploding across the nation. Scammers who file fake deeds can appear to own property and can fraudulently sell, mortgage, rent, or otherwise affect the property without the knowledge of the true owner. [eClerks Alert](#) keeps you informed monitoring land record recordings to notify you of possible fraudulent activity.

- Monitor up to 5 names per account
- Select up to 64 Parishes
- Allows for both text and email notification

Louisiana Clerks Remote Access Authority (LCRAA) is proud to work with **Antares Technology Solutions** to offer [eClerks Alert](#) for the State of Louisiana. This free service allows a person to receive an alert if something is recorded in their name. You can register to monitor one parish or up to all 64 parishes.
